

“A Challenge for a Goal”

Rocking the Fields of Minnedosa is around the corner and we are striving to raise funds in order to make this year’s event an attraction that will draw past, current and potential concert goers to support the music festival and in turn the community and town of Minnedosa.

In working towards making this annual event even more successful Greg Grant and myself (Marty McNabb) have been a part of the vision to build a main stage and bring it back to the bottom of the site in hopes that it will be in place by August 2011 when the festival once again rocks the fields of Minnedosa !

This endeavour has given each of us the opportunity to work closely with the individuals organizing the event and the opportunity to see firsthand the amount of ongoing time and effort required to make this annual event a success. To provide additional support Greg and I have each donated \$1,000.00 to assist in the process of raising the funds that will take the event to the next level and entice more concert goers. Increased ticket sales will mean achieving a level of financial success that will benefit all aspects of the community as a whole.

The Challenge: Greg and I would like to put forth a challenge to all fans, supporters and community members to match the \$1,000.00 donations that we have put forth.

The Goal: To potentially raise \$100,000.00 or more by April 1st, 2011. (Any and all donations will be accepted).

The RFM Board has kindly agreed to the usage of a section on their website <http://www.rockinthefields.ca/challenge.html> to track this challenge and to assist with the administration of all donations received. Please forward donations to
